Re: Recommendation Letter

To whom it may concern:

I strongly recommend Ed Curtin for any job that requires quick, creative thinking, municipal redevelopment, and innovative use of public funds. I had the pleasure of working with Ed in Columbus, Indiana on a very complex brownfield redevelopment project. With his guidance, the project was successfully bid and the site will soon be remediated and ready for reuse.

He handled many projects at once, and offered ample attention to the brownfield redevelopment project we were working on. He participated in numerous meetings and negotiations with state regulators and showed an unmatched passion for his work. He is efficient and effective in his professional role, offers only his very best work and effort. I wish all our business relationships could be with someone as talented as Mr. Curtin.

Communities that choose to hire him and his expertise to will find their money well spent.

Sincerely,
